Hi Mrs Smith!! It's courtney Asbury from your 2008 health careers class. I just wanted to reach out and let you know how thankful I am for your influence and guidance in high school. I worked 8 years as a bedside nurse at Parma community in the CVICU and now I'm an acute care adult gero nurse practitioner at Cleveland clinic main campus in their post surgical CVICU. I've been there almost a year now. I'm still in awe everyday that this is my life and I still think back often and fondly of the foundation you helped build. Hope you are doing well and I can never say thank you enough 😊 😊
